Lynne, I will always remember your smile, kind heart and just how sweet of a person you were to me; going to school together in Wild Rose. We were the country kids from Pine River coming to school in the big city and you were one that made me feel welcome. I will not forget being in band with you and our days along with some other of our classmates, hanging around by the lockers and seeing what mischief we could get in to without getting caught. I saw you a few years ago in Wild Rose, taking an afternoon walk. I stopped the car, got out, said Hello Lynne and you gave me a big hug. You were still the same friendly person from our days in High School. You never gave up and were still enjoying life even with all that had been dishd your way through the years. You will be remembered and missed by many!
