When we traveled to Branson, we were at the quilt shop where she worked. She knew there were people there from Wautoma ,We talked with her and discover that she was the daughter and sister of perssons I had worked with a few years back . We had a lovely conversation with her. She made us feel at home in a very busy place full of tourists. She was very sweet .Dick and Helen France

My dear friend. You were a very special person with a very deep soul. I remember riding the school bus together when you lived on Cnty B, staying overnight at your place across from Bardens. As years went by, your random phone calls and random loooong letters kept us connected along with always remembering my birthday. Thankfully one of us got it right, because I stink in that department. May you rest in peace my friend. You will always hold a special place in my heart.

I am keeping you in my thoughts and prayers. Cindy and I were very close when we were in middle school. I remember the laughs and fun times out at the house near the 'Burg'. Martha and Larry always made me feel welcome.

Lisa Minton lit a candle in honor of Cynthia.

My heart goes out to your family for your loss. Life often takes us in different directions but we never forget those people who were part of our lives when we were young because they are forever a part of the person we become. Lisa Minton
