Joann G. (Planert) Everts

Joann Everts, age 70, passed away Sunday, August 29, 2021 at her home. She was born on September 4, 1950 in New London, WI, to Glen and Maymie (Rader) Planert.

Our mom passed away at home, surrounded by her children, which is exactly what she wanted.

Mom was a “Town of Mainer” and graduated from Shiocton High School in 1968. She went on to Fox Valley Tech and graduated in 1969.

Mom stayed home and raised us kids until 1990 and then worked various jobs until she retired from Waupaca Mobil Truck Stop in May 2021.

Mom had a sense of humor and often had us in tears. Us girls will especially miss our Sunday talks with Mom, a tradition we will carry on with our girls...sorry, no boys allowed. She enjoyed watching the Packers with Kenny, he taught her everything she knew about football and she loved that time with him and was in awe of all the stats he knew.

Mom also enjoyed her many Christmas shopping excursions and various trips with her sister and best friend, Judy. The stories they’d share of their adventures had our stomachs hurting from laughter. She treasured her close friendship with her big sister.

She also treasured her almost 50-year friendship and sisterhood with Maxine “Poody” Schilder. Those two had a time and many cherished memories together.

Mom also had her online gang, as she called them. They were her special friends and she loved connecting and chatting with them.

Mom frequently bragged about her grandchildren and loved her visits with them. She showed their pictures to everyone!!

Mom enjoyed talking to people and loved many she met through her various jobs.

We can't count how many people called her "Mom" and we have no idea who all these "adopted kids" were. But if you called her mom, she loved you. You made her work time special for her and we thank you.

Mom loved taking care of the animals on our farm in the early 80s and then again, the small backyard farm she had in the late 80s/early 90s. She named them all they were all her babies.

Mom also enjoyed feeding and watching her birds. In her final weeks, her two sons-in-law moved her bird feeders to right outside her window. They made her final days more special for her as the birds came to visit every day.

We will miss our mom forever. She is back home but in our hearts for eternity

Mom leaves behind three daughters, Lori (Joe) Lund, Shawn (Shawn) Durrant and Kelly Everts; son, Kenny (Tash) Everts; 8 grandchildren, Kayci Phelps, DJ & Alli Lund, Brianne (Michael Alba), Brittany, and Emily (Jordon Derrickson) Durrant, and Desirae & Jessica Miller, 4 great grandchildren, Destiny, Savannah, Eli, & baby girl due in December; One sister, Judy (Scott Yahle) Bunnell and sister-in-law Diane Planert. One aunt, Elna Carter. She is further survived by nieces, nephews, and other relatives and friends.

Preceded in death by her parents, her brothers and sister-in-law, Francis and Dean (Rita) Planert.

We want to thank the staff at Appleton Thedacare and Compassus Hospice for the care given to our mom.

A celebration of life will be Saturday, September 18th, 2021 at Weyauwega Park, Shelter #1 from noon to 4:00 P.M.

Holly Funeral Home is assisting the family with arrangements.

Ms Everts was my foster mom back in the 80s. I wish I could have stayed with her family because her daughters were my friends and they treated me like family. But, since the law wouldn't allow me to stay because the house was too small those 2 weeks was wonderful. I have always looked at Ms Everts as a mom. Heaven has got a wonderful and loving beautiful lady. May there be no more pain and pure happiness in heaven. She will be dearly missed here on earth.

Jody and I were first cousins as far as cousins go and her mother: her mother and my mother were sisters along with our Aunt Betty! They meant a lot to both of us and felt like sisters to each other! and mothers to our mothers and Aunt Betty, included! Elaine Johnson

Jo and I never met in person as we stumbled across the internet on some post and remained friends for years. She used to talk about all her kids and grandkids and it was all good stuff. I remember her telling me one time she went deer hunting with her car and I felt so bad because she needed it for work. I was so happy when she told me she retired because I always worried about the hours she worked. I just wish she had lived long enough to really enjoy her retirement. I'm going to miss her because we used to share a lot between us. I wish I had met her but never had the chance too.
