Jen and I got to know each other while finishing up our Elementary teaching degrees at Stevens Point. We just seemed to click! She and I spent so many fun times together before each of us got married. Attending the wedding of Jen and Dave was such a joyous celebration of their love and we know they continued that devotion for each other throughout their lives together. They were also attendants at our wedding. We have kept in touch occasionally over the years. I loved hearing stories of the wonderful things going on in her family's lives. The love they had for their daughters and grandchildren was always evident. I love how strong Jen remained in her faith, even as she dealt with the loss of Dave, the love of her life and throughout all of her health issues. Please know that we are with you in spirit today and sending our deepest sympathies to all of the family. Jan and John Butterbrodt

My daughters and I spent many Wisconsin vacations on the Chain-of-Lakes; while the water and weather were incredible, the best part were the people who welcomed us into their lives and homes. Jenny was the consummate aunt – loving, funny, indulgent, and real. We feel so grateful to have had her and her family in our lives...Laura Gonzalez

Jenny and I were pregnant with our girls in 1972 together. Nicole is 10 days older than my Jessica, I think. Lots of playdates later, they remain close friends today. She was so full of fun ideas and energy. I remember entering the girls, when they were 4 years old, in a Bicentennial parade contest, all dressed up as pioneers, bonnets and all, pulling a wagon. It was totally Jenny's idea. They came in first!
