“ This is from when i was very young. Id say around 8 or 9. Kelly and i decided to go for a walk in the woods and look for deer rubs on trees. It wasnt long and we actually walked up on a buck rubbing his horns on a tree. This was actually an amazing site for me cause of how young i was and Kelly was surprised as well that we got to see that. That was something special we shared...anyways i ran into Kelly when i was 25 years old and we had drink and he asked if i remembered that time. I did very well and he was grateful that i remembered after all those years..that to me is special. -Bill Cooper

I feel badly that I lost touch with Kelly over the years. We were pretty tight in our teens and twenties ,but kids and work came along ... I have many great memories of Kelly and his family. His dad Mr Mac and mom Ruth, Jim, Rod , Gaylynn and his cuz Mike Noe.

My favorite memory was lying on the raft in McAllister lake in the fall , must've been '75-'76. Kelly, Mike and I think Mike's wife or GF (Deb?) were there . The northern lights were spectacular ,most beautiful natural phenomenon I've ever seen. I hope Kelly is swimming up there now . I'm so sorry for your loss.
