“ I have many good memories of Reuben when I was young. Most recently i remover his smile and laugh. He will be missed but it comforts me to know three of the Lehman boys are back together most definitely causing some sort of ruckus!

“ Rueben was our neighbor. From the moment we met he was easy to talk to and very kind. He helped everyone it seemed, even when he had his own things to deal with. We could talk about most anything and he had a way to put you at ease. He always had just the right thing to say and had a special knack for thinking positive. He said he wanted to live to 100. Inspirational to the end. He kept busy working on this and that. He also enjoyed sitting on his backyard swing relaxing and sharing stories. He was a great friend. Rueben will be missed dearly. I think he has many years of good work yet to do in heaven.
